

## **Hub and Spoke System**

We are the hub (referral) SCI Center for Veterans and Service Members in the six New England states. Our Hub and Spoke System: Ready access to an integrated and coordinated lifelong continuum of care is provided in a Hub-and Spoke model of care with the hub at the SCI Center at the VA Boston Health Care System, and SCI teams and SCI Support Clinics in spoke facilities at other medical centers within the VA New England Healthcare System (VISN 1). There is an SCI clinic at each VA facility in New England with nationally trained SCI Support Clinic teams at Togus, Maine; West Haven, Connecticut; and White River Junction, Vermont, and SCI primary care teams at the VA centers in Bedford, Massachusetts; Providence, Rhode Island; Manchester, New Hampshire; and Northampton Massachusetts.
